Bee  
Bees

## Fly

## Dragonfly

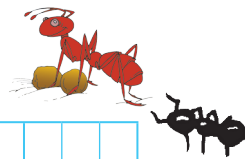

## Mosquito

Ant

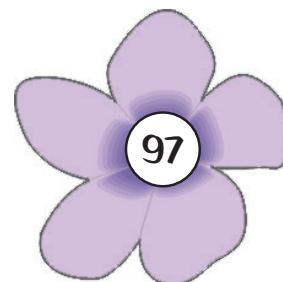

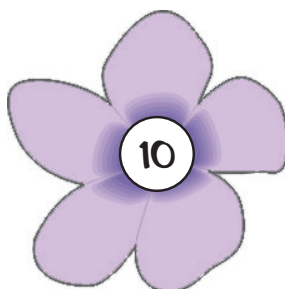

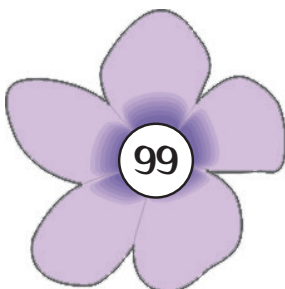

## Butterfly

A large, stylized illustration of ants forming a circular path, with a smaller group of ants at the top right. The ants are depicted in various orientations, suggesting movement along the path. The illustration is composed of many small, detailed ant figures arranged in a circular formation, with a smaller cluster of ants at the top right corner.

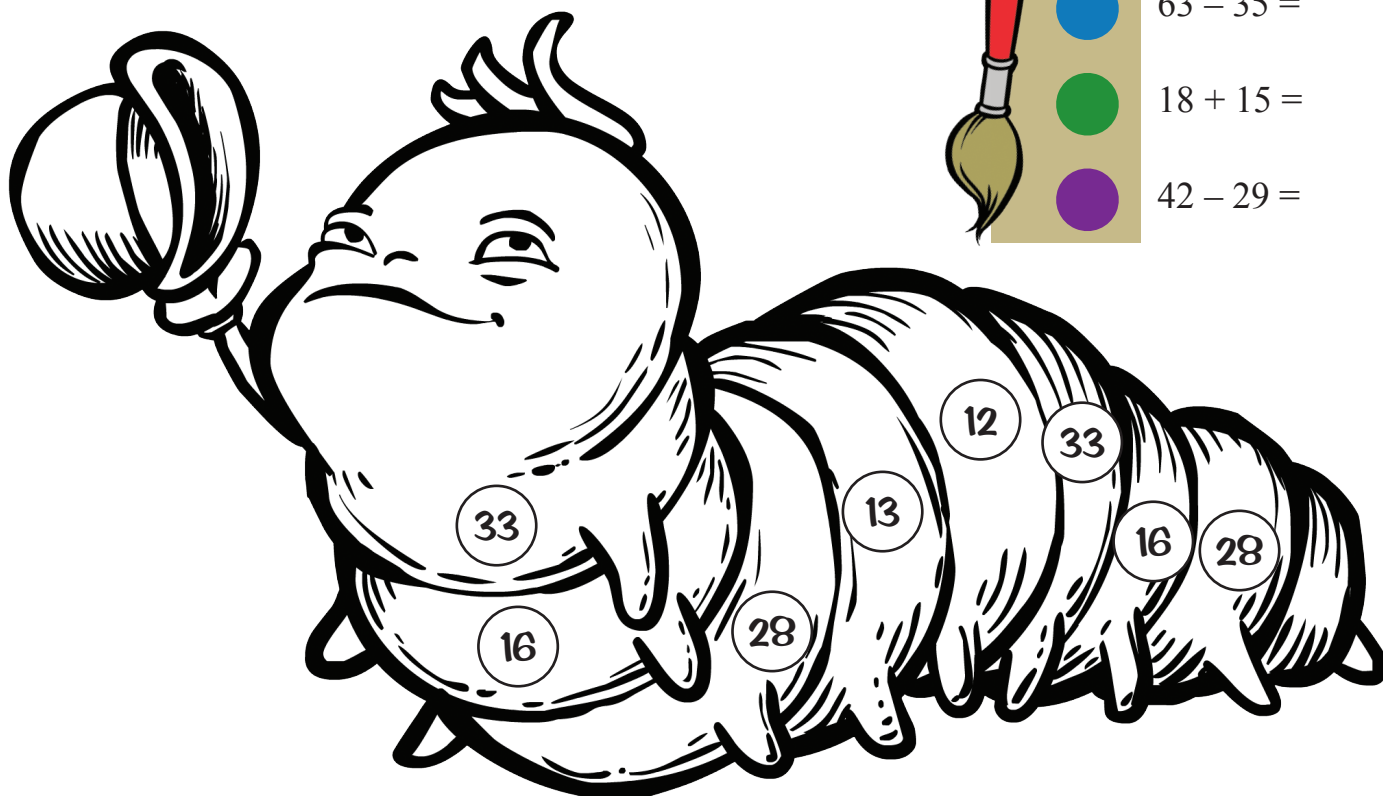

A large grid of 20 columns and 10 rows of squares, with a small illustration of two ants on the right side.

- Floppy longs for the coolness in Green Forest, but he doesn't remember the correct path he should take, in order to get there. Help him solve the following exercises, to find his way to the forest:

4. Caterpillar Millipede is quite upset. She missed her appointment at the Meadow hairdresser, so she can't paint her rings. Can you help her by coloring in, according to the results of the additions and subtractions?

	$91 - 75 =$
	$7 + 5 =$
	$63 - 35 =$
	$18 + 15 =$
	$42 - 29 =$

5. How do insects in the Green Forest call each other?

Ant .....

Grasshopper .....

Bee .....

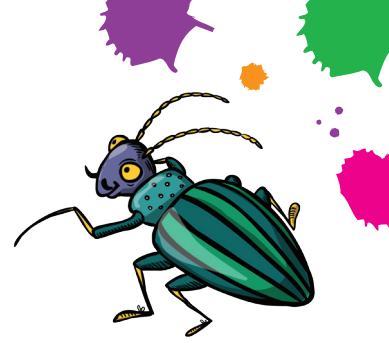

Butterfly .....

Fly .....

6. Help Floppy fill in the boxes in the table:

a	37		
b		38	
a+b	62		20
a-b		24	2

- 7.** Beetle Bubu got really hungry and ate all the leaves separating the words. Rewrite the sentence, with all the spaces in the correct places!

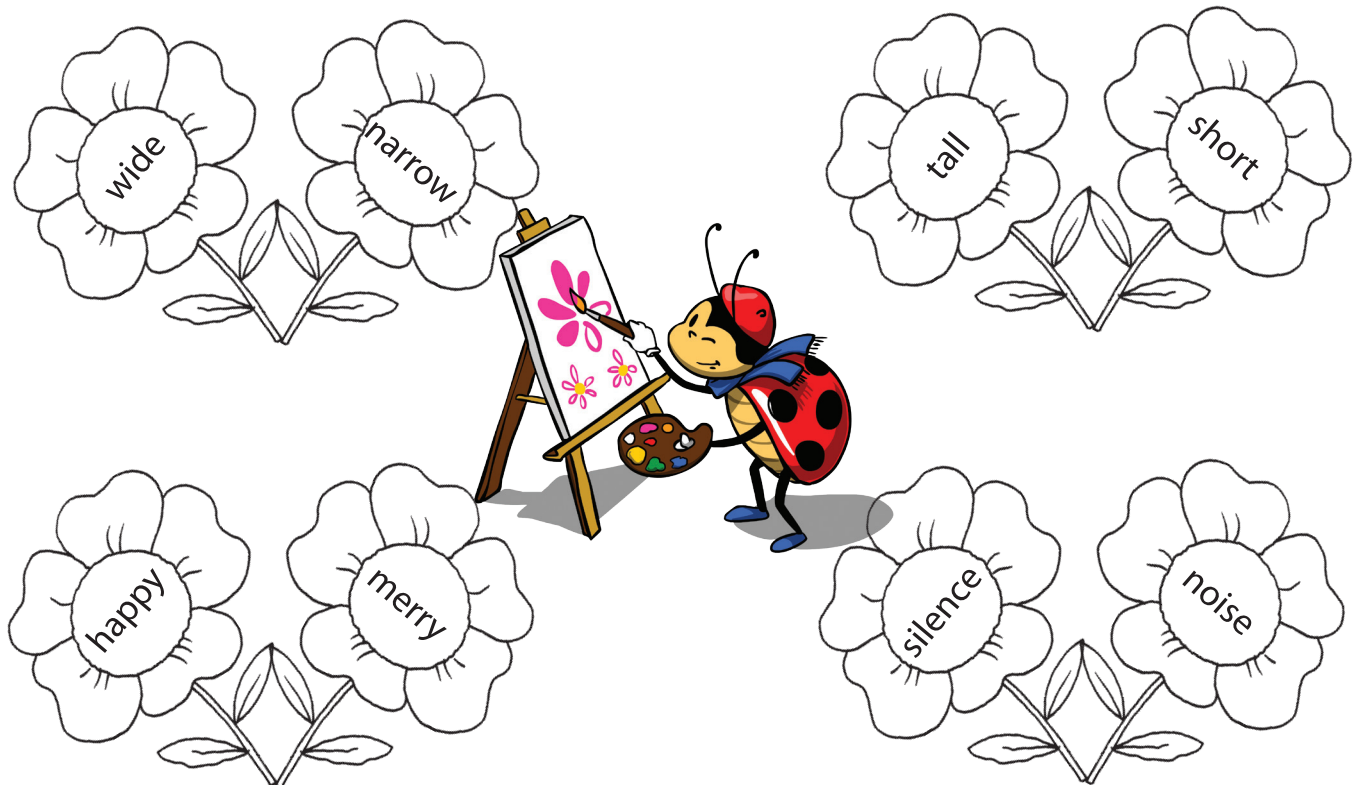

The locust flies over long distances.

A handwriting practice sheet featuring a vertical dashed line on the left side, serving as a guide for letter height. The page is filled with horizontal dashed lines for tracing practice, set against a background of solid light blue lines.

8. The ant gathered and stored, for the winter, 25 corn grains and 37 wheat grains. Knowing that the grains she has now is between 10 and 20 and the sum of the digits is 5, find out how many did she ate by now.

A large grid of 30 columns and 6 rows, intended for drawing.

9. Artist Weevil wants to color only the flowers where opposite words are written. Can you help her?

A hand-drawn diagram of a cell. It features a large, irregular outer boundary representing the cell membrane. Inside, there is a smaller, roughly circular nucleus with a darker, textured interior. To the right of the nucleus is a large, clear, oval-shaped vacuole. The entire drawing is done in black ink on a white background.

Where are my

12

Handwriting practice lines consisting of a vertical blue line on the left and several sets of horizontal blue lines (solid top and bottom lines with a dashed middle line) for writing practice.

**12.** Find, in the text above, words with similar meanings for:

naughty

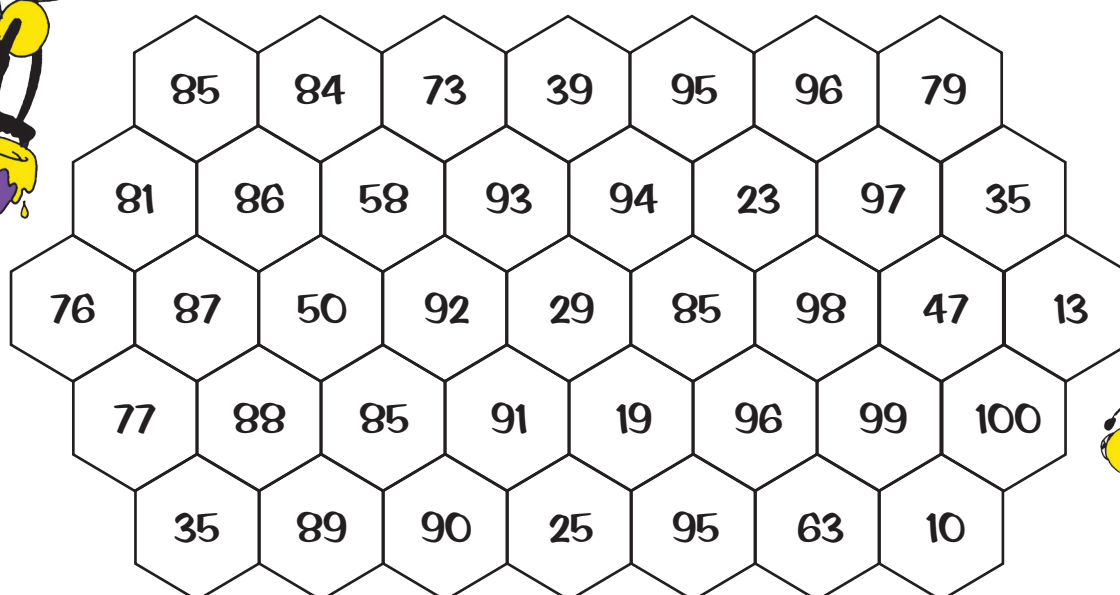

to shout

to fall

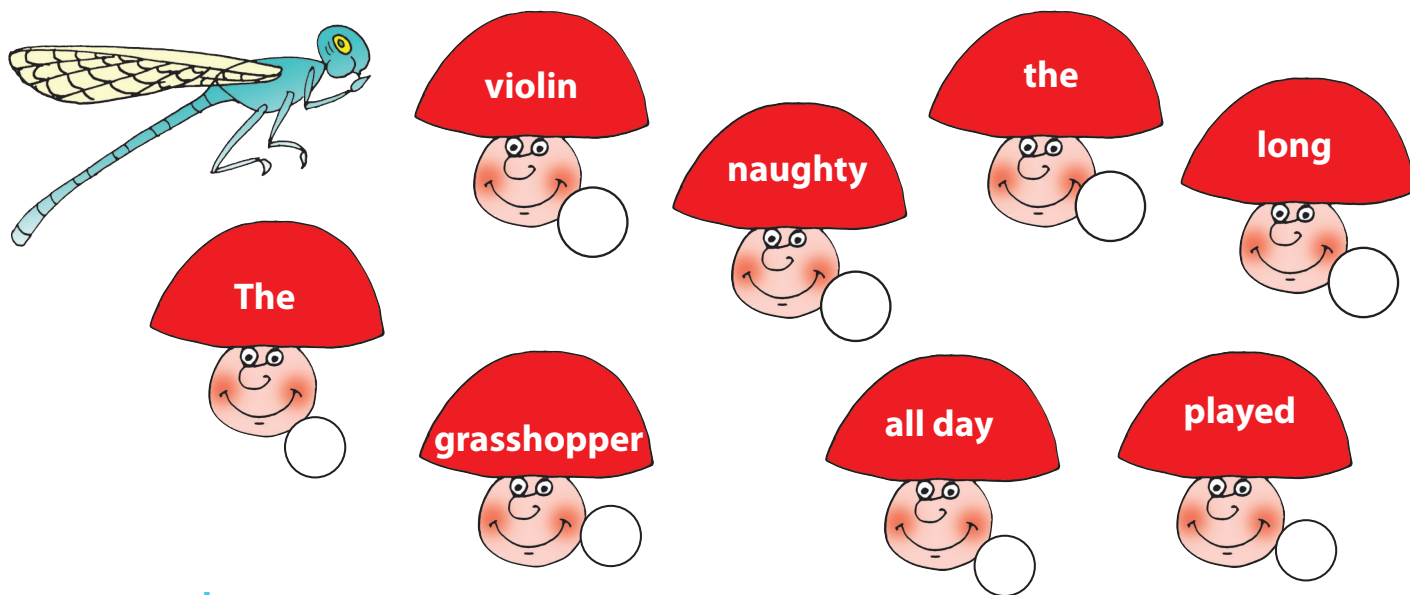

upset

to work

**13.** The nurse bee wants to get to the little bee with some food. She needs your help. In order to help her, you should be able to color the road from 85 to 100:

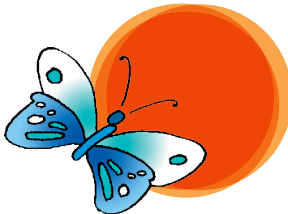

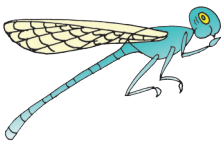

- 14.** In order to arrange the following words in a sentence, Lulu the Dragonfly flies from a mushroom to another. Number the mushrooms to show the way Lulu has decided to take. Write the correct sentence below:

Handwriting practice lines consisting of a solid top line, a dashed middle line, and a solid bottom line, with a vertical line on the left for starting the sentence.

- 15.** The insects stopped flying, to get some rest. Find out what number each of them hides, knowing that, in a magical square, the sum of the digits in a line, a column and a diagonal it's always the same.
